

Product Discontinuation

Dear Valued Customer,

Microlab will be discontinuing the products listed here on October 07, 2025. Microlab will not be manufacturing or stocking these products anymore beyond the date of discontinuation. Microlab is now offering a last time buy on remaining stock while supplies last on these products. Additional requests for discontinued products beyond existing stock levels will not be accepted after the date of discontinuation. Microlab recommends a released alternate product to replace the discontinued product.

Microlab will continue to honor any warranty issues on the discontinued products up to three years from date of sale or as defined by contract

Thank you for your business,

The Microlab Team

Description

We are announcing the discontinuation of the FY and FZ series of Low PIM Attenuators (617–2700 MHz). These legacy models have been fully superseded by the new FX Series of Ultra-Wideband Low PIM Attenuators, available in 25W, 50W, and 100W options covering 617–5925MHz.

In addition, the CA-93N (60W/port) 2x2 Hybrid Coupler for Public Safety will be replaced by the CA-PS-2X2-196FN (300W/port), providing improved power handling and better overall value.

Notice Effective Date: October 07, 2025

Last Time Buy Date: October 31, 2025

Last Time Ship Date: N/A
