

Product Change Notice

Date of Issue: January 29, 2026

Manufacturer Name: Microlab
Title of Change: TK-28FE – Product Specification Change
Type of Change: Mechanical Dimensions

Change Description The TK-28FE Low PIM Termination has been optimized with an updated mechanical design that reduces overall size and weight. These dimensional improvements maintain the existing electrical performance and operating frequency range of 350–2700 MHz while improving form-factor, thermal efficiency, and ease of integration.

Reason for Change: To reduce overall size and weight, improve production, and enhance installation efficiency while maintaining the same electrical performance.

Transition Date: January 29, 2026

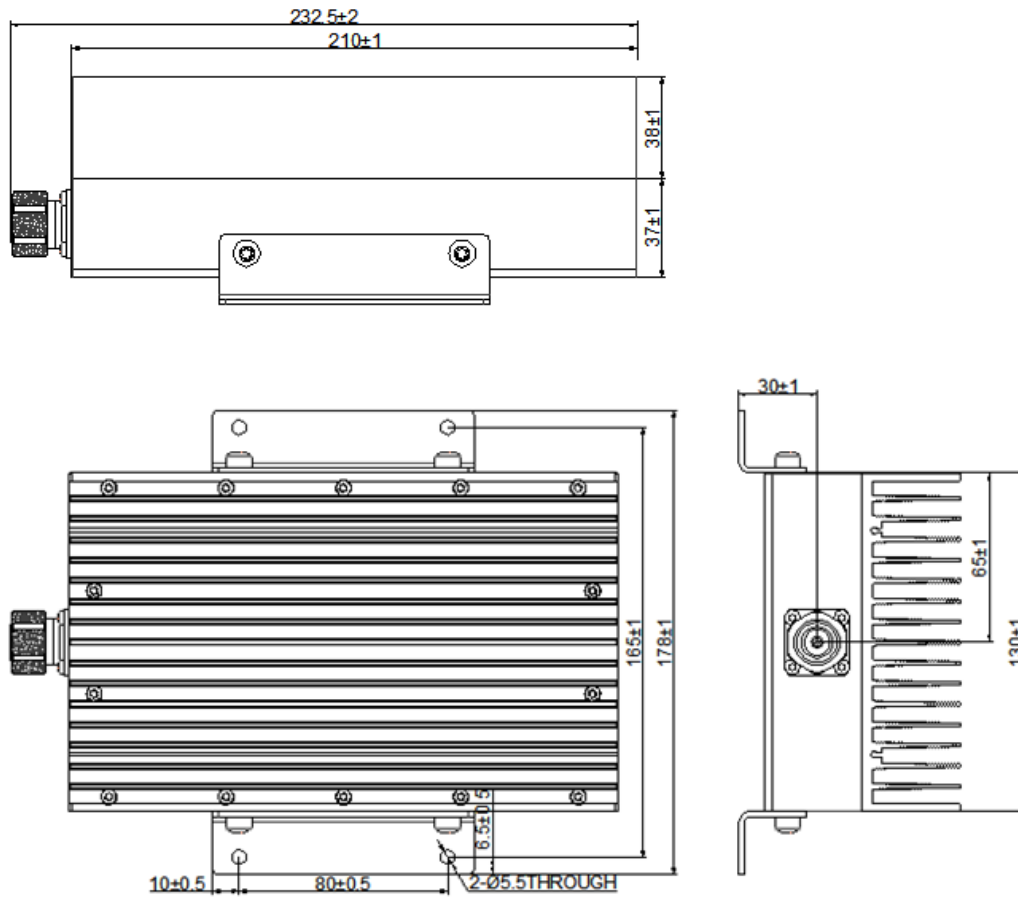

Manufacturer Contact: sales@microlabtech.com

Affected Products:

Part Number	Product Description
TK-28FE	Termination 350-2700MHz 200W -161dBc 4.3-10(f) IP67
