\*Reinforcement ribs not shown

The MCC200H Subrack is compact 2.5RU rackmount chassis. It has 2 slots for Microlab's MCC200-4x4 series Hybrid cards. MCC200H is outdoor rated. The subrack has been designed for easy installation of the hybrid cards. It has pass through holes for ports of modular hybrids at the back for interconnection with the filter outputs. The antenna ports are in the front. For unused slots in the subrack, MCC200-A02 blank faceplates can be used.
