- ◆ Outdoor Rated
- ◆ Compatible with MCC200-x01 Filter Cards
- ◆ Front Access to Filter Cards for ease of installation
- ◆ Compact Aesthetic design
- ◆ Blank faceplate MCC200-A03 available for unused slots

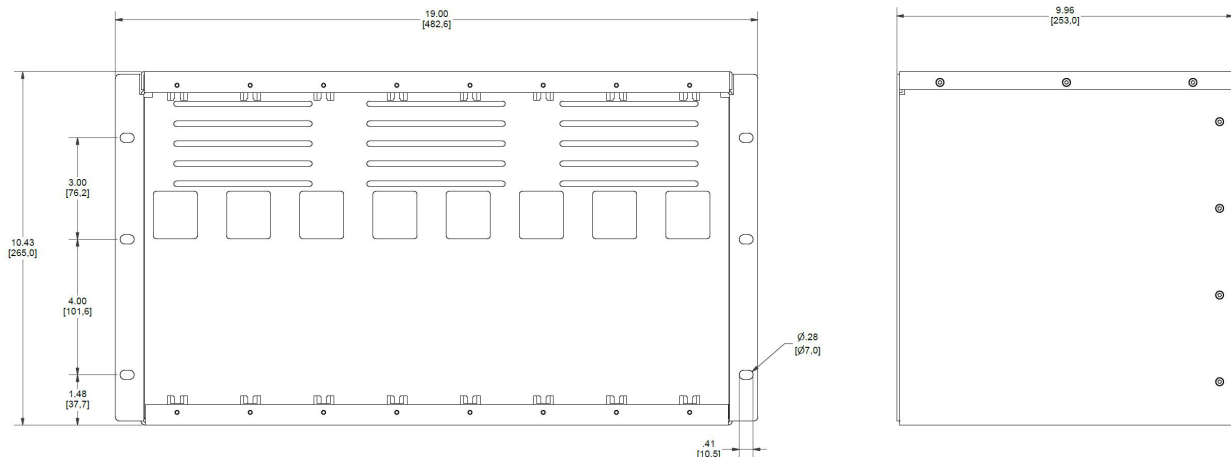

*Reinforcement ribs not shown

The MCC200 Subrack is compact 6RU rackmount chassis. It has 8 slots for Microlab's MCC200-x01 series filter cards. MCC200 Subrack is outdoor rated. The subrack has been designed for easy installation of the filters cards on the front. It has pass through holes for output ports of modular filters at the back. Single subrack can be populated with various combinations of the MCC200-x01 to achieve desired neutral host configuration. For unused slots in the subrack, MCC200-A03 blank faceplates can be used.
